ENGINEERING COLLEGE**

CHEMBUR, MUMBAI - 88

PERCEPTRON 2020-2021

DEPARTMENT OF COMPUTER ENGINEERING

VISION

To develop computer engineering graduates with engineering and managerial skills to acquire high end positions that are globally recognized.

MISSION

To impart computer engineering knowledge and to provide exposure to the latest technologies so that, students can solve various engineering problems and possesses social, ethical responsibilities and have the attitude of lifelong learning so as to bring about competent professionals.

PROGRAM SPECIFIC OUTCOMES

- Students will be able to design & develop Computer programs and Automated systems to solve the real world problems for the benefit of society.
- Students will be able to work professionally by applying Software Engineering practices, pursue higher studies and build Entrepreneur skills.

HOD's Desk

Perceptron is giving a medium to the department to showcase the achievements in a systematic way and stakeholders get a ready reference of the activities of the department.

This year was the year of pandemic and the worst affected sector was the education sector. I am happy to inform the readers that the department has put utmost effort to quickly learn the changed situation, adapted to the new technology, self-trained the faculty and took the student community into confidence, and has continued imparting quality education.

With a virtual environment, we have come out with innovative ideas for working and running a variety of programs for the students and staff. At the beginning of the semester with the new second-year batch having no idea of the start of the semester, the department has converted this dilemma into an opportunity to run a webinar series to equip the students with new technologies for their mini-projects. In the same line for final year students, we have run a five days webinar series on "Ins & Outs of Project Planning and Development". The series got a response from all over Maharashtra and also few participants from other states. Many such 3 to 5 day programs were organized and one such training program was on Ethical Hacking which received an overwhelming response across the Institutes in the state.

Keeping in view the pandemic, we have also arranged programs on healthcare, stress management etc. Department has also organized plenty of technical and non-technical events in collaboration with different professional chapters. The programs include Chatbot Development, Project Management, Cloud-native Blockchain Technologies, etc. The eminent speakers from the industries like LTI, TCS, Capgemini, BPCL, etc. have also taken various webinars on trending technologies.

Creativity is the mother of everything!! Be it to become a good engineer, doctor, artist, scientist creative mind proves and demonstrates excellence in the chosen work. The "Perceptron" editorial team has shown creativity and diligence while coming up with yet another edition. I would like to thank our Management and Principal, Dr. Bhavesh Patel, for giving constant support to organize various quality programs for the students and faculty.

Prof. Uday Bhave
Head of Department

Editor's Desk

Welcome, readers! As the Editor-in-Chief of the annual departmental magazine of the Department of Computer Engineering, I am immensely pleased to announce the release of the latest issue of our annual magazine – Perceptron 2020-2021. This magazine has been a platform to perceive various activities and events conducted by the department. It is a platform to exhibit various activities, attended and excelled in. The magazine vividly presents the achievements of students and the contributions of teachers for personal and departmental excellence. The magazine is loaded with brilliant artwork, submitted by our very own SAKEC members!

The efforts put in by the publication committee are overwhelming, and it is always an experience to work with these young and beautiful minds and see what they have to offer, as limited space paves way for unlimited creativity.

Prof. Shahzia Sayyad
Editor-in-Chief

Ins and Outs of Project Planning and Development

The department had organized five-day webinar series on “Ins and Outs of Project Planning & Development”. In this webinar, Industry Experts/Academicians guided the audience about various aspects of the Project. Some major topics covered in the webinar were the role of academic projects and its importance in the career of an engineer by Mr. J. A. Gokhale, Director of Intellisys Application Solution Pvt. Ltd. ,various ideas and methods to undertake a project and determine a holistic approach by Mr.Dileep V. Pednekar, Senior Manager at Jacobs, basic steps of project building, conduction of surveys and documentation of the same by Dr. Irfan Siddavatam Associate Professor at K.J. Somaiya College of Engineering,

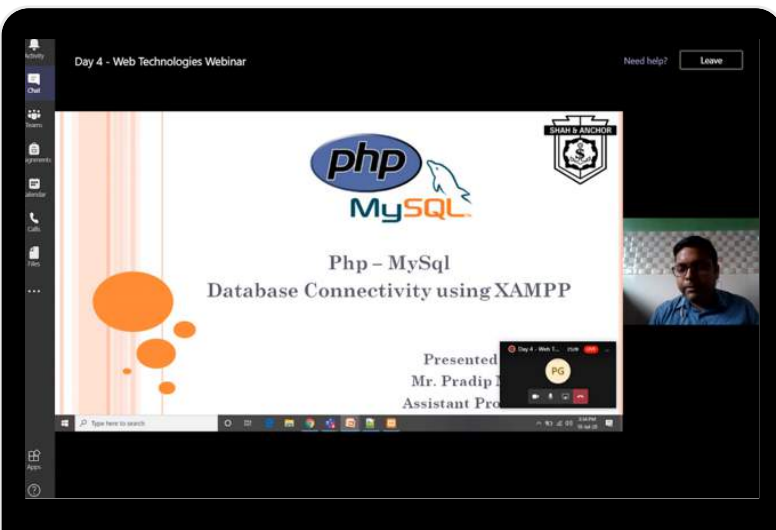

Dr. Dhanukumar Pattanashetti, Client Services Manager at IEEE Bangalore and Dr. GK Upadhyay, Senior Training Manager at EBSCO Information Services gave tips and tricks on technical paper and report writing. How to make effective technical PPT presentations was covered by Dr. Janardhanan Gangathulasi, Head of Centre for International Affairs at the National Institute of Technical Teachers Training and Research. At the end of series, students of different departments of SAKEC presented their high-rated project work in the area of IOT, Data Mining, Security, and Web development for the attendees, to help them understand their area of research which would help the students to carry out smooth and captivating project development phases.

Let's Begin – Web Technologies

A four days webinar series on Web Technologies was conducted by the Department from 07th July 2020 to 10th July 2020, with the purpose of benefiting all the second-year students for building their Projects.

On day 1 of the webinar series, a session was conducted by Prof. Vaishali Chavan on the topic "Introduction to Web Technologies and Introduction to Databases". On the 2nd day of the webinar series, a session on 'Cascading Style Sheets' was taken by Prof. Deepa Ekhande and a session on 'JavaScript' was taken by Prof. Pallavi Khodke. On day 3, a session on 'Introduction to PHP and XAMPP Server' was conducted by Prof. Karuna Borhade.

The last day of the webinar series started with a session on 'Database Connectivity with XAMPP Server' by Prof. Pradip Mane. The event then concluded with a motivating speech by Prof. Uday Bhawe, HoD, Computer Engineering Department.

The webinar was a huge success as all the students gave positive feedback for the webinar and urged to arrange more such webinar series in the future.

Made Of Iron

An illuminating hour-long webinar titled Made of Iron was organized by the Department in collaboration with Cadila Pharmaceutical under Institute Social Responsibility activity for our girl students on 21st of August, 2020 . The session was aimed at raising awareness about healthcare in adolescent girls and providing helpful tips for taking care of health and treating common medical conditions faced by women in their day to day lives.

The event was coordinated by the Prof. Uday Bhave and Prof. Rupali Santosh Kale while Dr. Archana Gaikwad, MBBS and DGO, was the eminent speaker for the session. The key take-aways from the webinar were daily calcium intake and its sources, the importance of iron and its sources which help in making hemoglobin, daily iron supplements in adult women and adolescent girls, ways to avoid anemia and complications that come with it, care to be taken in case of fatigue/weakness and many more.

The event was a great success as it successfully enlightened the female participants on the best possible ways to take care of their health and avoid any sort of deficiency, providing our community with a strong feminine populace.

#MADEOFIRON

Dear Students & Faculty,

Shah & Anchor Kutchhi Engineering College in association with Cadila Pharmaceuticals Ltd. has organized an Online Educational Program to nurture young girls who are made of iron. Through this program we intend to make you aware about the importance of Iron to prevent Anaemia and other future complications.

Iron Deficiency Anaemia – A Major Cause of Concern in Young & Adolescent Girls

On 21st August, 2020 from 4 PM to 5 PM

To participate in this Online Program, register on the link mention below:

https://us02web.zoom.us/webinar/register/WN_B5_e2DteQx-3w9RiuaCM0w

Looking forward to your active participation. Do not forget to collect your certificate.

Best Wishes,

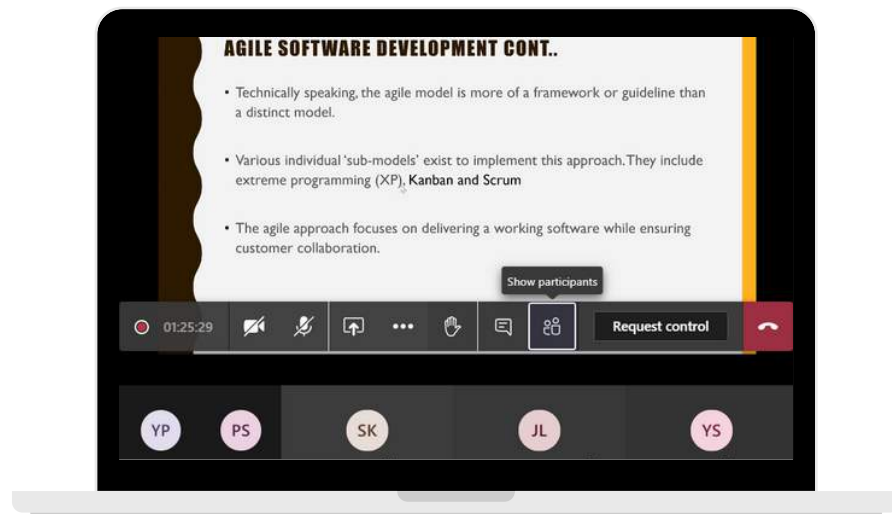

Ms. Rupali Santosh Kale

Project Analysis and Management

A three days online series was organized on the topic “Project Analysis and Management”, in view of getting the Second-year students familiarized with the concept of SDLC, Project Planning and Scheduling, System Analysis and Design for the creation of Mini Projects.

These sessions were conducted by Prof. Sarika Rane, Prof. Rupali Kale and Prof. Tina Maru. Through the sessions, various tools used for project scheduling and design were demonstrated.

Analysis model and design model diagrams were introduced. Scenario based element, use case diagram was taught with varied system examples, such that students will be able to analyze their mini project and create the use case diagram for the same. These sessions got an overwhelming response from the students and students were able to analyze their mini projects based on the information they got from this online webinar series.

Bottles For Change

"Bottles for change", a webinar in collaboration with Bisleri International Pvt. Ltd., was organized with an aim to create awareness among students and faculties about effective plastic disposal and the recycling process. It was conducted on 28th November 2020 and coordinated by Prof. Shahzia Sayyad. The speaker for the event was Mr. Abhijit R. Kakade, Bisleri International Pvt. Ltd.

The webinar was mainly focused on the journey of plastic from invention to recycling. Speaker also explained about its manufacturing process, all about recycling which includes its technical points, statistics. He also enlightened the attendees about how a student can be part of this initiative and about the expected role. The session was very informative to spread awareness to friends, family, and surroundings. The webinar got positive feedback and ended on a very informative note.

Ethical Hacking

CSI-SAKEC, in partnership with the Computer Engineering Department, hosted an Ethical Hacking event on the Microsoft Teams platform from July 25th to July 29th, 2020. Prof. Deepshikha Chaturvedi, Prof. Shahzia Sayyad, and Miss Yukta Lapsiya oversaw the event.

The poster is for a 5-day online workshop on Ethical Hacking. It features a central illustration of a hacker in a black hoodie with a skull and crossbones on their laptop. The text includes the college name, the event title in large red letters, the speaker's name, and the dates and time. Social media handles for the school and department are listed at the bottom.

CSI SAKEC
in collaboration with **COMPUTER ENGINEERING DEPARTMENT**
organises a **5 day Online Workshop** on
ETHICAL HACKING
SPEAKER: **Mr. Saurabh Patil**

DATE: 25th to 29th July, 2020
TIME: 8:00 p.m to 10:00 p.m

@school/sakec @shahanchor @sakecweets @sakec_nk

Mr. Saurabh Patil, a Certified Ethical Hacker, led the workshop, which attracted more than 140 participants from throughout India. Some of the primary subjects discussed included Email Spoofing, Phishing, Network Recon, MiTM attacks, Metasploit attacks, Android phone hacking, WiFi breaking, password cracking, and website attacks. Dr. Rekha Ramesh and Prof. Uday Bhave gave inspiring speeches towards the end of the event. On successful completion of the programme, all participants received E-certificates.

Chatbot

CSI-SAKEC in collaboration with the Computer Engineering Department organized a Chatbot- Build Intelligent Virtual Assistant event on Microsoft Teams platform on 1st August 2020. This event was coordinated under the direction of Prof. Shashikant Radke, Prof. Deepshikha Chaturvedi and the help of Ms. Simran Jindal. The session was conducted by Mr. Ali Mustufa Shaikh, INTEL Software Innovator and Google Certified Educator, where more than 180 members from everywhere India took part.

Developing nuts and bolts of chatbots, custom development of Chatbots from Scratch, basic understanding of Chatbots and their business Use-Case, and developing Chatbots using minimal code were some of the major topics covered. The event concluded with Prof. Shashikant Radke's Vote of thanks as a gratitude towards the speaker, the organizing committee and the participants. All the participants were appreciated with E-certificates.

What the journey Looks Like?

Test-Driven Development using Java

On August 8, 2020, from 6:00 PM to 8:00 PM, CSI-SAKEC, in partnership with the Computer Engineering Department, hosted a Test-Driven Development using Java event on the Microsoft Teams platform. Prof. Shahzia Sayyad, Prof. Deepshikha Chaturvedi, and Mr Ritik Mahajan supervised and assisted in the planning of this event. The participants' count exceeded 90 in this International Webinar, with registrations made from all over India.

The session was led by Mr. Suresh Gupta, a certified AWS Cloud Solutions Architect, and Senior Full-stack developer, F-secure, Finland.

The speaker gave a hands-on demo involving building a piece of code with all different test cases, as well as an introduction to TDD, Junit framework, and TDD cycles. The ceremony came to a close with a vote of thanks, in which we showed our heartfelt gratitude for the speaker's efforts. On successful completion of the webinar, all participants received E-certificates.

Gateway to GATE 2021

A resplendent event of Gateway to GATE was organized by the CSI SAKEC team in collaboration with the Computer Engineering Department on the 1st of February, 2021, using the online platform of Microsoft Teams. The event was conducted with the combined efforts of Prof. Deepshikha Chaturvedi as the staff Coordinator and Ms. Shalin Gund and Mr. Krutik Patel as the Student Coordinators. The event was a great success with more than 70 participants and registrations coming in from all over the state of Maharashtra. Mr. Prakash Parmar was the speaker for the event, an expert at mentoring students for GATE and NPTEL Certification examinations while serving as a faculty at Vidyalandkar Institute of Technology.

The banner features the logos of Shah & Anchor, Mahavir Education Trust's, and the Computer Society of India. The text reads: "Mahavir Education Trust's SHAH & ANCHOR KUTCHHI ENGINEERING COLLEGE CHEMBUR, MUMBAI-400088 AFFILIATED TO UNIVERSITY OF MUMBAI INSTITUTE CODE: 3148". Below this, it says "GATEWAY TO GATE- TIPS & TRICKS" and "1st February 2021". A central image shows Mr. Prakash Parmar speaking. To the right is a "LETTER OF APPRECIATION" from the Computer Engineering Department. Below the banner is a collage of 12 small photos of participants. At the bottom, contact information is provided: "www.shahandanchor.com", "022-25580854", "022-67978100", "info@sakec.ac.in", and social media handles "@sakectweets", "@school/sakec", "@sakec_chembur", and "@shahanchor".

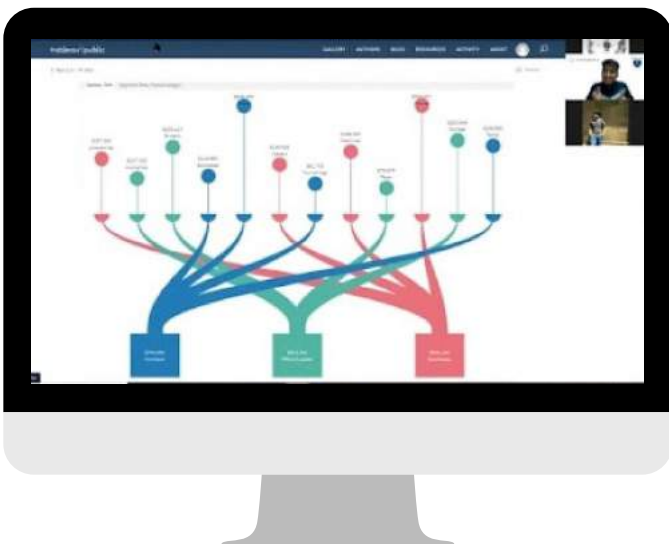

Several topics like Importance of GATE Examination, discussion on benefits of GATE, tips and tricks to crack the examination smartly, and how to keep oneself motivated a few days before the examination, were elucidated by the speaker in great detail and simplicity. The event concluded with a hearty vote of thanks to the speaker and the participants leaving with a sense of utmost satisfaction and motivation as their valuable feedback suggested while looking forward to more such undertakings.

The poster is teal and features the logos of Shah & Anchor, Mahavir Education Trust's, and the Computer Society of India. The text reads: "Mahavir Education Trust's SHAH & ANCHOR KUTCHHI ENGINEERING COLLEGE CSI SAKEC in collaboration with COMPUTER ENGINEERING DEPARTMENT organises a session on Gateway to Gate 2021-Tips & Tricks SPEAKER: Mr. Prakash Parmar". Below this, it says "GATE 2021" and "DATE 1st February 2021 TIME 4.00 p.m to 6.00 p.m". At the bottom, social media handles are provided: "@school/sakec", "@shahanchor", "@sakectweets", and "@sakec_chembur".

Tableau – Interactive Data Visualization Software

The poster is for a 5-day hands-on workshop titled "TABLEAU - INTERACTIVE DATA VISUALISATION SOFTWARE". It is organized by Mahavir Education Trust's SHAH & ANCHOR KUTCHHI ENGINEERING COLLEGE in collaboration with CSI-SAKEC and the Computer Engineering Department. The event took place from February 5th to 9th, 2021, from 4:30pm to 6:30pm (IST). Four speakers are listed: Tanish Jain (Tableau Student Ambassador, Tableau Certified Desktop Specialist, Alteryx Certified Designer Advanced), Vedant Lakhani (Tableau Student Ambassador, Blue Eye Soft Corp, Machine Learning & Deep Learning), Tokolo N Kashupi (Tableau Student Ambassador, Data Science student, Database/Development Administrator), and Marc Reid (Tableau Zen Master, Data Visualisation at Lloyds Banking Group, datavis.blog). Social media handles for @school/sakec, @shahanchor, @sakectweets, and @sakec_chembur are provided at the bottom.

The CSI SAKEC team in collaboration with the Computer Engineering Department arranged an exhilarating Event on Tableau- Interactive Data Visualization Software on 5th of February 2021. Ms. Riddhi Dagher and Mr. Rutvik Deshpande coordinated the event on the platform of Microsoft Teams in a skillful manner with great fluidity which covered topics such as: Importing data, data visualization with pie, bar and stack bar charts, map layers, creating fill maps, discrete line chart, continuous line charts, dual axis charts, cross tabs, scatterplot, histogram, and dashboard.

The speakers of the event were Mr. Vedant Lakhani and Mr. Tanish Jain from India, Mr. Tokolo Kashupi from Namibia and Tableau Zen Master Marc Reid from the United Kingdom. They addressed over 70 enthusiastic participants who expressed immense gratitude and appreciation in their feedback.

Cross Platform App Development using Flutter and Dart

An inspiring workshop on Cross Platform App Development with Flutter and Dart was contrived by CSI SAKEC in collaboration with the Computer Engineering Department from the 26th of February to the 28th of February 2021 on the Microsoft Teams platform.

organizes a 3-day Hands-on Online Workshop
on
**Cross - Platform App Development
With Flutter & Dart**
Speaker: **Mr. Shubham Darekar**
DATE: 26th to 28th February 2021
TIME: 6.00 pm to 8.30 pm

Logos: SHAH & ANCHOR, COMPUTER SOCIETY OF INDIA, Flutter, @school/sakec, @shahanchor, @sakectweets, @sakec_chembur

Around 50 vivacious participants joined the workshop and learned topics such as introduction and basics of flutter and dart, widgets, android studio setup, building an app with features such as logging in/out, app drawers and dashboard.

Mr. Shubham Darekar was the spokesman for the event and he artfully explained the structure of a flutter application, along with an authentication flow. Mr. Ritik Mahajan acted as the Student Coordinator and made the workshop a success as was evident from the fervour expressed by the participants in the feedback.

Overseas Education Information Series

An Informative Series on Overseas Education was organized by the Department, in association with Training and Placement Cell, CSI-SAKEC, and IETE-SAKEC. It witnessed experienced professionals coming together and discussing with the students on the topics such as life abroad, fees structure, availability of scholarships, job opportunities, to name a few.

The spectacular line-up of sessions consisted of Ms. Shivani Bhalla, Brand Manager & Higher Education recruitment specialist, Brunel University London, Ms. Pinky Desai, Student Recruitment and School Management, Monash University, Australia, Prof Derek Molloy, Dublin City University Ireland, Dr. Conor McArdle, Dublin City University Ireland, Mr. Colum Cronin, Dublin City University Ireland, and Mr. Sudipta Roy, Regional Recruitment Manager, USA.

Recommendation Engine

The event on Developing Recommendation Engine Using Python: Understand Techniques and Algorithms, organized by CSI-SAKEC in collaboration with the Department. It mainly focused on clearing doubts with respect to recommendation engines and motivating students to try and develop recommendation engines.

The speaker of the event was Mr. Parth Sharma, Chief Data Scientist at Jasper Colin Research. Topics such as collaborative filtering, approaches for collaborative filtering, content-based recommenders, implementing various recommendation system algorithms in python, creating a recommendation system and developing a deeper understanding of recommendation systems and their user cases, were covered by the speaker.

Technical Content Writing and Copyright

A Six days Short Term Training Program on "Technical Content Writing and Copyright" was organized by the Department and Aspire Research Foundation in association with CSI SAKEC Students' Chapter on Microsoft Teams platform from 28th June to 31st July 2021. Prof. Uday Bhave, Prof. Shashikant Radke and Prof. Deepshikha Chaturvedi oversaw the event .

The dignitaries for the first day were Dr. Mandeep Kaur, Director at Aspire Research Foundation, Pune, and Dr. Sachin Sakhare, Professor, CSE Department, VIIT, Pune. The topics covered were how to research a paper, how to go about with the "Introduction" and "Literature Review" sections, identification of research gaps, and the need for proposed work. The following day topics like identification of the problem, experimental design, how to explain proposed work, data collection and data pre-processing, and use of data visualization techniques for better understanding were covered by Dr. S. N. Londhe, Professor, Department of Civil Engineering, VIIT, Pune and Dr. Anil Jadhav, Symbiosis Centre for Information Technology, Pune.

Technical Content Writing and Copyright

The speakers for the third day were Dr. Jyoti Yadav, Savitribai Phule University, Pune and Dr. Beena John, SBES, IIMHRD, Pune. The topics covered were results and discussion sections of a research paper, figures, charts and tables for presenting results, conclusion and summary of the paper, references, reference styles, and how to cite references. On the fourth day, we had Dr. Mandeep Kaur, Director, Aspire Research Foundation, Pune and Dr. Vishal Jagota, Dept of Mechanical Engg, Madanapalle Institute of Technology & Science, Madanapalle, Andhra Pradesh as our guest speakers. Some of the topics covered were indexing of papers and reviewing them.

On the fifth day, we had Dr. Ketan Raut, Department of Electronics Engineering, VIIT, Pune and Dr. Manimala Mahato, Department of Computer Engineering, SAKEC, Mumbai as our speakers who focused on effectively writing a paper using LATEX. On the last day Prof. Shahzia Sayyad, Prof. Deepshikha Chaturvedi, Prof. Sarika Rane and Prof. Deepa Ekhande helped the participants in understanding the copyright filing process of the research work. A hands-on experience on E-filing for the copyright application was also delivered. The day marked the end of the program, with a valedictory function, which included the delivery of a vote of thanks, expressing our sincere appreciation and gratitude. Positive feedback was favored from the participants .

Placement & Higher Studies

- 106 companies conducted the campus recruitment drive
- 145+ placement offers received
- Kartik Jain, Dishank Tak, Pratik Bhosale, Preet Karia, Femin Dharmashi, Hardik Bhanushali and Niraj Bamboli received direct appointments in TCS through Codevita.
- Chintan Patel and Vineet Patel received appointments in Larsen & Toubro Infotech Limited through Infinity Coding
- Hardik Bhanushali and Niraj Bamboli received 7 LPA offer from Tata Consultancy Services
- Karan Shah and Hiten Chawda received a 5.75 LPA offer from Zeus Learning
- 14 students received a 5.01 LPA offer from Larsen & Toubro Infotech Limited
- 17 students have secured admission for higher studies in reputed Universities and around 23 students are in the process.

No. of Students placed in companies	149
No. of students admitted to higher studies	17
No. of Students turned Entrepreneurs in engineering/technology	2
Total Students	168

Global Deftech Hackathon

The international event Global Deftech Hackathon was organized by The State Agency for Public Services and Social Innovations of the President of Republic of Azerbaijan and Innovation Center, Innovations Center LLC under the SAPSSI and NewSpace incubation center LLC on 4-6 December, 2020. Three Teams from Shah & Anchor Kutchi Engineering College participated in the event and successfully completed the Round 1.

The event was organized by the Ministry of Defence Industry of Azerbaijan Republic, Special Communication and Information Security State Service, Idrak Technology Transfer Company, Turksat, E-gov Development Center, and general sponsorship of PASHA Bank.

The Hackathon featured discussions on Information Security, Digital Deceit and Propaganda, Defense Technology, Civil Defence Technology solutions, and the presentation of finished products or prototypes for evaluation within the 3 days.

Team Details

Sr. No.	Name of the Team Members	Year	Department	Team Name	Challenge	Title
1	Dhruv Chamaria (Team Lead)	Final year	Computer	Blue Eye Soft 2	Information Security	Keyword Extraction to Check Completeness of Privacy Policy
	Tulika Jain	Third Year	Computer			
	Linesh patil	Second Year	Computer			
2	Aman Jain (Team Lead)	Third Year	IT	Blue Eye Soft	Information Security	A Differentially Privatized data Model
	Rishabh Kothari	Third Year	Computer			
	Jay Mehta	Third Year	IT			
	Vedant Lakhani	Third Year	Computer			
	Shlok Jambusariya	Third Year	Computer			

Global Deftech Hackathon

3	Ms. Priyanka Ghule (Team Lead)	Faculty	Computer	Byte System	Information Security	Detection of Password File Breach
	Mr. Darshil Chedda	2019-2020 Batch	Computer			
	Mr. Bhavarth Joshi	Final Year	Computer			
	Ms. Siddhi Rane	Final Year	Computer			
	Ms. Rutvi Shah	Final Year	Computer			

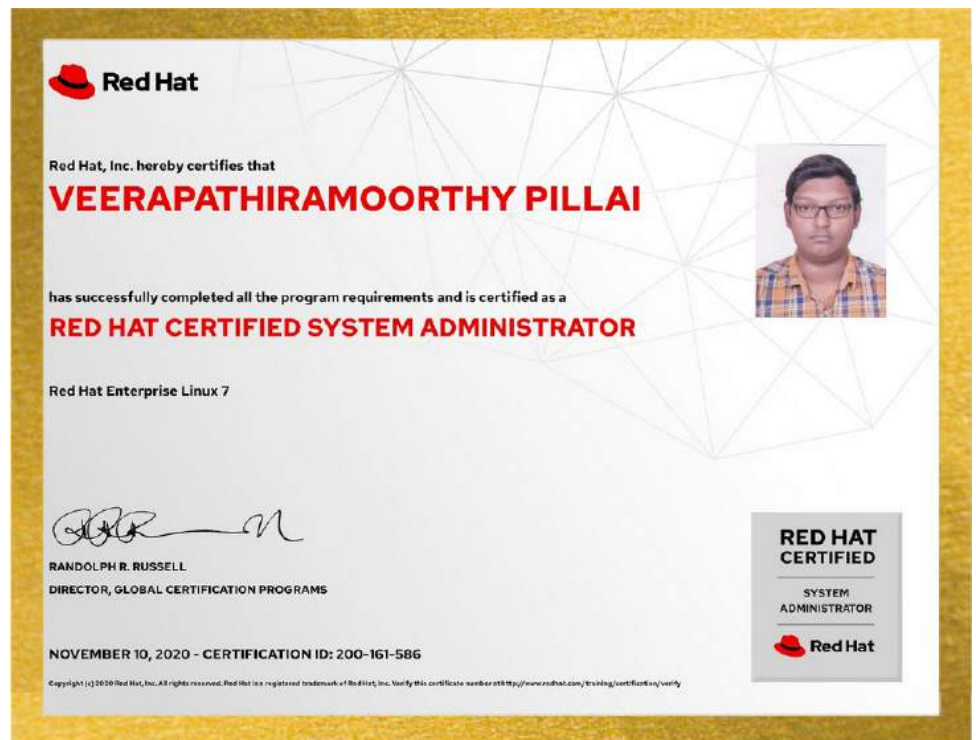

Our Journey With Redhat

Our noble institution signed a Memorandum of Understanding (MoU) with Red Hat Linux and became an Academic Red Hat Linux partner. The Institute provides a golden opportunity for the RED HAT Linux International Certification course for the "Red Hat Certified System Administrator (RHCSA)" & "Red Hat Certified Engineer (RHCE)" examinations.

Our journey with the first ever batch of students began on 6th August 2019. The course was to build theoretical knowledge accompanied by abundant hands-on lab exercises, performance-based testing, instructor and management support. The training was conducted by Mr. Ramesh Kharat, CTO, PriarWeb Private Limited. Students completed their training with extreme enthusiasm and zeal to learn.

Veerapathiramoorthy Pillai from B.E. Computer Engineering appeared for the RHCSA examination on 10th November 2020 and became the second Red Hat Certified System Administrator of the institute with a perfect score of 300 on 300.

Articles & Artwork

Freeing up the space

I know it hurts, to be stuck inside,
Especially due to recurring thoughts
These thoughts tend to clog up further
Creating messy, entangled knots

It takes no time to convince yourself
That un-messing this would take forever
That the trap is now your 'place to be'
That you're getting out of it never

A horrible place to be it is, I know
Unlike wine, it doesn't get better with age
It's like you started with a comic book
But it's turning into a tragedy with every page

All this fuss inside that little head!
Maybe, it's time to free up the space
So stop trying to detangle, cut the strings
instead
And there won't exist any cage in the first place

- Sanober Khan

Wordplay

I play around with words. Vice versa
as well.
For sometimes it's funny how they sound,
Opposite of what I want them to,
No matter how carefully I jot them down.
At times, I be writing them with a smile
While they stare at me with a frown.

- Sanober Khan

Mundane

Oftentimes,
those who disintegrated
in the very blackhole, they carried within
will have the audacity to tell you that,
you're too mundane to be written in the stars about.

Stop Covid - Break the chain

The Large Virus Family, Covid Severe diseases it did spread. Fever, shortness of breath, cough are some ways to find, if you need aid!

Usage of face mask, yet proves to be an important task ;

Carelessness is critical, Vaccination is crucial !

Prevention is always Better than Cure!!
